

## UNDER THE RAIN

*(di Fraternali – Bracci)*

I walk, alone  
so quiet, the night.  
Can feel, your breathe  
so close, over my head.  
Into the blue, under my skin  
I'm looking for you and wait for the rain.

**Ring my bell tonight  
enjoy the thunderstorm and bring me light  
I'm asking for the rain to be my drive  
don't care about the wind, the moon will shine.  
Ring my bell tonight  
and take a look around to bring me light  
I'm asking for the wind to be my drive  
don't care about the rain, the moon will shine.**

*(Instrumental)*

I see the moon  
in sight over my eyes.  
Into the blue, under my skin  
I'm looking for you and wait for the rain.

**Ring my bell tonight**
